

The highlight of the year was the birth of our daughter Emily. I could write a long letter about all the other things we did this year, but I know that you just want to see baby pictures. So I'll keep it short!

Tim is still with Knight, he went on several business trips to Mexico and also visited Chicago and Florida. Charlene retired from Broadcom to be a full-time mom, but she is still singing with Harborlites. Domino (the dog) and Pepper (the parrot) love having Charlene and Emily home during the day for entertainment. Yoda (the tortoise) is hibernating out in the backyard and is probably unaware that anything has changed. We did a fun Halloween light display this year, and our Christmas Display is up and running.

Emily will be 7 months old by the end of the year. She is sitting up and playing with toys. She is not crawling yet, but I can tell that it is coming! She loves the dog, and Domino is very gentle and protective with her. She is doing new things every few days! It has gone by so fast and we are enjoying every moment.

## *Merry Christmas and Happy New Year*
